DETAILED ACTION

Response to Amendment

1. The amendment(s), filed on 06/07/2007, have been entered and made of record. Claims 2-6 and 14 are pending.

Allowable Subject Matter

2. **Claims 2-6 and 14** are allowed.
3. The following is a statement of reasons for the indication of allowable subject matter:

Claim 2 is allowed because the prior art does not teach or fairly suggest an image capture system, comprising: an operational amplifier buffer comprising (1) an output coupled by the switching device to one of the reset lines (2) *a non-inverting input coupled to the reference voltage source to receive the reset voltage, and (3) an inverting input coupled to the output in a feedback loop, wherein the feedback loop does not pass through the readout node, in combination with the other claimed elements.*

Claims 3-6 and 14 are allowed because they depend upon claim 2.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
